

Memorandum of Understanding

This MOU is made and entered on the 30th August, 2017 between AgriBiotech Foundation ("ABF"), Rajendranagar, Hyderabad and Department of Biotechnology, Raja Bahadur Venkat Rama Reddy Women's College(RBVRR Women's college), Narayanaguda, Hyderabad. ABF is an autonomous academic institute, registered under Andhra Pradesh Societies Act (Reg No. 160/2007) and recognized by "Scientific and Industrial Research Organization (SIRO)" of the Department of Science and Technology. It is engaged in Research, Extension and Human Resource Development activities with focus on agri-biotechnologies.

AND

Raja Bahadur Venkat Rama Reddy Women's College, Narayanaguda, Hyderabad, is a reputed Autonomous Educational Institution which is the second oldest college for women in Hyderabad city to be conferred with autonomous status by UGC was established in 1954 by the Hyderabad Mahila Vidya Sangham (HMVS), a non-profit education society with a vision to be quality education institution in the region by enhancing, inspiring and empowering women specially those hailing from rural areas.

Department of Biotechnology was established in the year 2000 with B.Sc Biotechnology and BSc Biochemistry combinations. The department envisages its students as academically sound and well versed in skills as young graduates. Department aims at building strong broad based foundation of this applied science and envisions quality students oriented towards research and higher studies.

ABF and Department of Biotechnology, RBVRR Women's colleges are desirous of collaborating with each other to improve Human Resource Development and Research. Both the parties agree to enter MOU with the following terms and conditions.

1. ABF will extend lab and infrastructure facility to all the students of the Department of Biotechnology RBVRR Women's College in the area of Molecular Biology, Plant Tissue Culture and Microbiology. Biotechnology students of RBVRR Women's College may also visit ABF from time to time to expose themselves of the activities of ABF, with prior intimation.
2. Preference will be given to Biotechnology students in Summer Internship in Biotechnology for Undergraduate Programme (SIBU) which ABF will organize every year.
3. The faculty of Department of Biotechnology may make use of the facilities of ABF for pursuing Ph.D. or Research interest. However, chemicals and consumables need to be met by RBVRR Women's College.
4. Any fee with respect to above facilities will be decided on mutual agreement.
5. The faculty of ABF and Department of Biotechnology RBVRR Women's College may also develop collaborative projects for external funding.
6. ABF and Department of Biotechnology RBVRR Women's College may organize conferences, seminars, workshops etc.. jointly

7. The faculty of ABF may serve as guest faculty in the teaching programmes for the Department of Biotechnology RBVRR Women's College
8. The MOU is valid initially for a period of two years, extendable on mutual consent.
