TEXLA SCIENTIFIC INSTRUMENTS

3-3-593, Chappal Bazar, Kachiguda, Hyderabad - 500 027. A.P.

Ref. No. TSI /

Date 03/06/2017

MOU

The memorandum of understanding is entered by the between.

1. Texla Scientific Instruments, 3-3-593, Chappal Bazar, Kachiguda, Hyderabad - 27 represented the director S.Manik Prabhu here in after called as the first party.

And

2. (Department of physics), R.B.V.R.R. Women's college, Narayanaguda, Hyderabad being represented by HOD/Principal/Correspondent/Secretary here in called as second party.

Whereas the second party is a department in reputed autonomous educational institution which has set goals for its students and introduced project work in physics practicals for its final year students from 2011-2012 onwards.

Whereas the first party is renowned electronics company and has been giving experiential training in physics/electronic projects for students of degree and engineering colleges.

Both the parties interacted with each other and have decided to synergize their strengths for the above mentioned project work.

1. This second party has agreed in principle to send the students to the company to get exposure to do their project work successfully by understanding the basic principles and usage of electronic components.

2. Whereas first party has agreed to provide all required components and equipment required for the project work in their laboratories.
